PERSONAL INTERESTS

- Volunteering to tutor young adults and help them achieve the best Mathematics GCSE results.

- Working toward further qualifications in software development following my law degree.

- I love to read, go to the gym, swim, and monitor my health. Additionally, I enjoy sudoku and crosswords as I find solving puzzles to be a mind-stimulating pastime.

Virtual Legal Internship
2020
- Networked and worked with representatives from successful law firms including Clyde &Co, Allen & Overy, Slaughter and May and Linklaters.
- Completed a proposal pack that included applying the skills taught such as legal drafting.
- Collaborated with a team to proof-read NDAs.

Amazon
Stock Assistant |Leicester | September 2020 - January 2021
- Tasks included stock management and as an operative, the job enabled me to learn the importance of time management and team work to ensure deliveries arrived to the customer on time.

House of Fraser
Bluewater | May 2019 - Sept 2019
- Responsibilities included being a sales associate for high fashion brands including Burberry, Michael Kors, DKNY, and Ted Baker.
- Developed strong interpersonal sales skills through speaking to customers daily.

Mathematics Tutor
Voluntary Work | July 2016 - Currently
- Helping young adults achieve A/A* grades for English and Maths GCSEs.
- Tutored 8 black students for voluntary work to fulfil the desire of helping the black youth in the neighbourhood.
- Developed the skill of problem solving by finding the most productive way each student could digest information.
- Taught the importance of time-management through balancing my personal studies and fulfilling my duty as a tutor.

Recent Activity
- Makers - Code Accelerator Workshop
- Black in Tech Event
- Advent of Code
